

Generational Legacy Impact Experience

What story is your life portraying—and is it the legacy you want to leave behind?

The Generational Legacy Impact (GLI) Experience is a transformative, step-by-step workshop and coaching journey designed to help individuals rediscover who they are, heal through reflection, and activate a legacy that lives through them daily—and long beyond their lifetime. Created by Missouri, a visionary leader, survivor, and empowerment strategist, the GLI Experience weaves together legacy-building, personal development, and purpose-driven leadership into one intentional, life-shifting program. At its core, GLI empowers participants to align their values with their voice, take bold action toward their generational purpose, and live with healing, wholeness, and clarity—intentionally shaping a legacy that impacts lives for generations to come.

***“Imagine a world** 20, 50, even 100 years from now—one where we’ve each done our part to cultivate and nourish our legacies with intention. A world where our actions today become the foundation for generations to stand on tomorrow. By owning our stories, aligning with purpose, and leading with vision, we position future generations not just to succeed—but to soar with clarity, strength, and a sense of belonging.*

The GLI Experience is designed to awaken the story, you were born to pass forward.”

Closing Remarks;

The **GLI Experience** is more than a program—it's a movement.

It's an invitation to rise, to reclaim, and to build legacies that will speak long after we are gone. Whether you're walking through healing, navigating transition, or leading in your family or community—Your story matters, and now is the time to activate your legacy.

WE ARE LIVING ARCHIVES

Once you realize what you carry—that you are a **walking piece of history**— you can no longer sit on the sidelines.

You are called to gain wisdom, seek insight, and educate yourself on the power of your legacy.

It's beautiful to be alive—so live it to the fullest.

But remember, *how* you live, and the *lives you influence*, will define the story you leave behind.

Because it's not enough to simply exist—
You must prepare to pass the torch with clarity, courage, and intention.
